A Certified Veteran-Owned Small Business

### CAPABILITIES

#### EXPERTS IN

- High volume key-from-image data entry
- Internet research
- Data verification referencing external sources

#### DIFFERENTIATORS

- In business since 1996, serving a national market of both large and small organizations.
- A certified, U.S.-based VOSB, with a U.S.-only workforce.
- A data entry staff ranging from 40 to 100 operators depending on project requirements.
- A 6-person management team collectively having over 140 years of experience in the data entry field.
- Service Excellence - Quality and client satisfaction always come first. It's an attitude. A way of thinking that permeates our organization. It's in our DNA.
- Highly secure computing environment, with Google Cloud-based technology infrastructure, and security controls established throughout the organization.

#### CORE CAPABILITIES

- Data Entry specializing in high-volume projects involving complex requirements and data specifications, often involving highly sensitive, private information.
- Internet Research to support the development or maintenance of client databases, requiring our staff to search through multiple websites to identify relevant information.
- Data Verification of information received or provided by clients by reference to external sources found on the Internet, or by comparing information stored in client databases against source documents.

### PAST PERFORMANCE

#### EQUIFAX®

\$750,000 billed from 2019-2022 for indexing I-9 Forms used for Employment Eligibility Verification. Over 2 million forms processed since 2010.

\$357,000 4-year government contract with the State of Alaska DOT to enter vehicle crash report data.

\$600,000 billed from 2019-2022 for verification of civil judgment documentation, including on-line research of court and third-party legal research sites for judgment data.

\$300,000 billed annually for 14 years, performing data entry for GMC Gold Card Program (2.5 million forms).

Transcribed information from 30,000 employment applications for the U.S. E.E.O.C.
